Main Residency Match

University of South Alabama College of Medicine

Match Day is an important day for each graduating medical student. It also serves as a focus of celebration for each medical school. Across the United States, medical students simultaneously learn of the locations of the residency programs in which they will continue the next phase of their medical training. This year, as in the past, we are extremely proud of our students' successes in securing excellent residency positions. In 2016, all University of South Alabama College of Medicine seniors were successfully placed in a PGY-1 position by Match Day. Our students' successes reflect years of hard work on their part and also speak to the quality of the educational training provided to them here in the College of Medicine at the University of South Alabama.
